

CHAMBER MUSIC PROGRAM for YOUTH

Experience the joy of making excellent music in a small ensemble with professional coaching by faculty and graduate students from the School of Music at Memorial University.

Chamber music provides exceptionally good training for young musicians since everyone takes an independent part but all must learn to play harmoniously together. The Chamber Music Program is ideal for young musicians who are studying their instrument and are highly motivated to improve their musicianship. Students are placed in groups of 3 to 5 musicians of similar age and technical proficiency. At the end of each 10-week session, students will have the opportunity to perform for family and friends in beautiful Petro Canada Hall.

Improve your music theory skills. Students may also choose to take part in a group class where they will work on the rudiments of music theory and ear training.

Who: The program is open to young musicians from ages 10 to 18 playing piano, stringed instruments, winds or brass.

When: Sundays from 12:15–2:15pm

Where: School of Music, Memorial University

MUSIC AT MEMORIAL

Here's what some of our participants and their parents have said about our Chamber Music Program for Youth:

“I can sum it up in one word – FANTASTIC! [Our son] found all of the coaches to be very positive and encouraging, while at the same time setting high expectations and providing expert coaching.”

“We thought this was a very worthwhile venture. All three children enjoyed it, and wanted to go each week...always a good sign! I think it is a really valuable way to improve sight reading, learn about playing and communicating with others.”

MUSIC AT MEMORIAL

PARTICIPATING FACULTY

Nancy Dahn (program coordinator),
